GENERAL INFORMATION

Please read this leaflet carefully before you start using ALL NATIONS CRESCENDO medicine. This medicine is only available with a doctor's prescription. This document answers general questions. It does not contain all the available information.

All medicines have risks and benefits. Your doctor has weighed the risks of you using ALL NATIONS CRESCENDO against the benefits he or she expects it will have for you. If you have any concerns about using this medicine, please ask your doctor or pharmacist.

PRODUCT DESCRIPTION

ALL NATIONS CRESCENDO is a medicinal cannabis product containing primarily tetrahydrocannabinol (THC) with small amounts of other cannabinoids.

ALL NATIONS CRESCENDO consists of dried cannabis flowers which have been grown under controlled conditions with GMP certification.

WHAT IT LOOKS LIKE

Each medicine is supplied as 10 grams of dried flower from the cannabis plant, in a plastic jar.

EACH ONE GRAM OF ALL NATIONS CRESCENDO CONTAINS:

Tetrahydrocannabinol (THC) 260 mg
Other cannabinoids Less than 10 mg

WHAT IS ALL NATIONS CRESCENDO USED FOR?

Medicinal cannabis products containing tetrahydrocannabinol (THC) may have a role in some medical conditions including: intractable chronic pain, not sufficiently responsive to other analgesics; pain associated with spasticity in multiple sclerosis (MS); pain associated with cancer in palliative care; cancer treatment induced nausea and vomiting; appetite loss; insomnia; posttraumatic stress disorder (PTSD); and abnormal muscle and body wasting.

The exact mechanism and magnitude of the effects of THC, is not fully understood. The THC in ALL NATIONS CRESCENDO acts on specific targets in the body, known as cannabinoid receptors. These receptors are found naturally throughout the body, in many tissues and organs, but they are especially numerous in the brain and nervous system.

ALL NATIONS

The potential benefits as well as the unwanted effects associated with medicinal cannabis use may vary between individuals, and depending on the amount and type of medicinal cannabis used. Your doctor will assess the suitability and dose of the ALL NATIONS CRESCENDO for your clinical condition.

HOW TO TAKE ALL NATIONS CRESCENDO

HOW AND WHEN TO TAKE IT

Your doctor will advise you on the most appropriate way to take ALL NATIONS CRESCENDO.

There is not yet a scientifically defined dose of medicinal cannabis for many medical conditions. Your doctor will work with you to decide the dose of ALL NATIONS CRESCENDO that best suits you and your condition. If you have not consumed medicinal cannabis before, it would be prudent to have someone with you the first time you use it.

Follow all directions given to you by your doctor and pharmacist. Your doctor will guide you on how to start with a very low dose and gradually increase the dose using the approach of "Start Low, Go Slow". You and your doctor will monitor the medicine's effectiveness and any unwanted effects. Your doctor will advise you how long you should keep taking ALL NATIONS CRESCENDO for.

IF YOU FORGET TO TAKE IT

Wait until the next dose is due. Do not take a double dose to make up for the dose that you missed. This may increase the risk of getting unwanted effects.

THINGS YOU MUST DO

Stop using ALL NATIONS CRESCENDO immediately and consult your doctor if you begin to experience any severe side effects (see section SIDE EFFECTS).

If you are about to be started on any other new medicine, tell your doctor and pharmacist that you are taking ALL NATIONS CRESCENDO.
